Belonging (A Regent Vampire Lords Book 2)

Synopsis

Analise doesn't trust anyone. Leaving her job and only home, sassy, independent Analise is determined to do whatever it takes to convince the Vampire Lord to help locate her missing friend. What was not part of the plan, however, was her most unwelcome attraction to the irresistibly desirable, arrogant and dominating playboy. Well, Analise just have to remedy that now, won't she? With a rogue vampire still on the loose, Damian, Regent Vampire Lord of the East, has his hands full trying to keep the fallout to a minimum. The last complication he needs is for his fiery Moira, his Fated, to finally walk into his life at a time when everything is in utter chaos, putting her directly into the crosshairs of a centuries old war. But now that he has her, he'll be damned if he'll let her go. He had the power to destroy her permanently. Analise is equally drawn to and infuriated by the most gorgeous man she's ever laid eyes on. And how can she bear Damian's touch, when the touch of anyone before him repulsed her? With the inability to let others in, she simply needs to stick to the plan, use Damian to locate her friend and return home, heart unscathed. But even the best-laid plans can go awry. ***This book contains steamy adult subject matter and foul language and is not appropriate for readers under the age of 18.***

Customer Reviews

Overall Rating: 4.25 Rockinâ™ â€¦â€¦â€¦It's official! K.L. Kreig is on my stalk the author list! Belonging is the second book in her A Regent Vampire Lordsâ™ series and I found it as good as the first book. I can't wait for the next one. It was so easy to get lost in the fantasy world this author created. The characters have dimension and come to life on the pages. Damien and Analise find each other in a set of uniquely different circumstances and although it is once again good vs. evil, I found myself cheering on the sidelines for the demise of Xavier (the villain). Damien DiStephano is the successful mouth-watering Vampire Lord over the Midwest and the youngest of the Lords. His past centuries are colored with vengeance, suffering and pain. He is dominant and 100% alpha male. Upon meeting his Moira, he knows immediately that she is his one. That she is the only one that will complete him, his soulmate. He begins to plan on the best way to bring his kitten into his world. Analise Aster is a struggling twenty-six year waitress attending college. When her best friend goes missing, she knows that a vampire is behind it. She heads to Milwaukee to request help from the area's vampire lord, Lord Devon. Analise doesn't know that he is on his honeymoon and Lord Damien, is handling his affairs. Due to growing up in the system, she doesn't trust easily so when he offers his help she is leery of it. When the couple begins their journey you can feel the sparks flying. As the story unfolds, trust is built and a bond is established between the hero and heroine that makes this a very satisfying and heart happy read. Many of the quotes used by the author have you howling with laughter, while crying at the same time. Her descriptions are hilarious at times.
