A well developed eleven lesbian stories and each stories are fresh and engaging while reading . I never read a lesbian story before and this book was hard to put it down.The stories were developed for different age groups of girls who have secret desire.Each story were different and very entertaining. New to this type of book.If You love to read lesbian short stories than you will definitely like it .

I have long doubted whether the Fresh Cherries, would be a book for me. I really do like a lot of

intimate scenes, but there should be more than sex. I was worried that sex would be the only quality. I was wrong, it was also a character study. Yes there was a lot of sex, but this was also to deepen the characters. This was my first experience with this author, and this made me want more. Did I mention that this book is hot, hot, hot from beginning to end!

"steamy first time lesbian sex stories..." Indeed! Well this has been quite a read. I never personally think I will be enjoying reading a book theme like this one, but I actually did. It gave me a bigger picture and I get to understand a lot of stuff too. Yes, this book has opened another horizon for my reading pleasure and I think it has been some entertaining minutes reading it.

This is a perfect lesbian erotica which I always want to read. This story is full of love and romance from the start to the end. The characters are really sexy and yummy. The storyline is good as well. The author has described the love scenes in a great way that I felt the scenes deeply and enjoyed it. I really enjoyed the whole story.

This is one erotic love story of lesbians. I like how the book showed a good relationship between lesbians. The story tries to make us understand romantic relationships of lesbians. It also depicts usual relationship issues such as what your partner really wants. It is best to consider your partners needs to maintain a good relationship. I recommend this book for individuals who prefer to be taken to an erotic imagination and to better understand lesbians.

The story is very interesting. Love the story line. This book has a humor, drama, suspense and hot time. Great book!! These confessions of lesbian girls are really hot. Get ready to feel hot when you read this sexy confession book. I realized, lesbians are like typical guys who wore a girl of their interest. What's more interesting is on how they feel when the girl responded back.
