## **Synopsis**

A weapon designed to decimate the Roman Empire has just become the number one threat to the United States. From the national bestselling author of *The Lions of Lucerne*, *Path of the Assassin*, and *State of the Union* comes the most gripping international thriller yet featuring Navy SEAL turned covert counterterrorism agent Scot Harvath. "Scot Harvath is the perfect all-American hero for the post-September 11th world." -- Nelson DeMille When a mystery thousands of years in the making threatens to catapult the enemies of America to a sure and decisive victory, the only person the president can call for help is the man the administration has just fired. Caught live on Al Jazeera in an off-the-books operation, Scot Harvath's career has been terminated and he is forced to go to ground as the president bows to pressure from a ruthless senator with her sights set on the White House. But when the tide in the war on terror suddenly turns against the U.S., the president has no choice but to secretly bring Harvath back inside. Ducking a congressional subpoena, Harvath travels to the Mediterranean, where he learns of a shadowy organization that has been combing the earth for decades in search of the ultimate weapon to use against the United States and her allies. Now, after three summers of record-setting heat across present-day Europe, one steadily melting Alpine glacier has given up an ancient secret--one with the potential to thrust civilization back into the Dark Ages. From Cyprus, London, and Paris, to Italy, Switzerland, and Saudi Arabia, Harvath must race against the clock to stop one of the greatest evils ever to face the United States. With his characteristic high-voltage action, sweeping international locales, and meticulous research, Brad Thor has created another supercharged novel that is sure to thrill.

## **Customer Reviews**

Brad Thor's "Blowback" is an action-packed spy thriller about the complex world of international terrorism, biological warfare, religious fanaticism, and political corruption. The macho hero is Scot Harvath, a former SEAL who works for the Office of International Investigative Assistance in the Department of Homeland Security. He has repeatedly sacrificed his personal happiness and peace of mind in order to serve his country. Scott's archenemy is Khalid Sheik Alomari, a high-ranking al-Qaeda operative and ruthless assassin. Alomari has been traveling around the world killing Muslim scientists who may have unlocked the key to a devastating super weapon. This scenario plays out against the background of a vicious power struggle between an ambitious Democratic senator named Helen Carmichael and Republican President Jack Rutledge. Carmichael will do anything to unseat the popular president, and she has been secretly compiling damaging information about Rutledge in order to turn public opinion against him. Scott Harvath soon becomes Carmichael's pawn in her scheme to destroy President Rutledge. "Blowback" is a timely story that is "ripped from the headlines," with references to people and organizations that we read about in the news every day. Brad Thor provides well-researched and detailed background information about the Muslim world, and he explores the many ways in which the United States is battling the terrorist threat posed by radical fundamentalists. Scot Harvath's courage, knowledge of weaponry, and unerring instincts make him a worthy and appealing hero, and for a change, the author doesn't provide his protagonist with a love interest to distract him from his duties. Although Scot does have a beautiful and brainy partner, a molecular biologist named Dr.

If you like your thrillers in the form of international espionage then Brad Thor's latest book may be the next good read for you. If waiting a year or more, is too long a time for you to learn how Dirk Pitt has saved the whole world from destruction yet again, then Brad Thor has a larger than life hero who might be just the intermediate fix you need! Welcome Scot Harvath! Like all good thrillers, in Blowback Thor gives us a hero (protagonist) with a serious problem. This would be Scot Harvath,

ex-seal, ex-secret service agent, and intrepid patriot. You don't have to wait long to figure out what the problem is, the actions starts in the first couple pages of the book, and the problem is not limited to just one big problem, there are all sorts of tangential issues to worry about as well. And again, like all good thrillers, the more our hero tries to solve the problem the worse the problem becomes. Harvath has all the skills and talents you would expect from someone with his background, but incredibly as soon as one bad guy gets eliminated, we learn that he was just a front for another much "badder" guy. Blowback has Harvath in search of an evil genius who has figured out how to spread a plague around the world that will kill all but the most faithful Islamic extremists. While good guy Harvath has a lot of allies (no surprise, he teams up with a really smart, great looking woman), time is certainly working against him. As the story races to the big confrontation you will be treated to spectacular scenery, impregnable fortresses, lots of destruction, and you definitely won't be disappointed with the conclusion.
