## Customer Reviews

Rented this book because it was too much money for me at the time but it came in packaged like NEW! Love it, and it's so handy for my class I'll probably end up buying it. Thanks!

Used this to prep for my MA exam through NHA. Came with demonstration DVDs which was awesome. It does seem a bit dated, but full of good info. (I passed my exam.).™

This book is in excellent shape and the study guide was also excellent. It is exactly what I need to have for this quarter at College, thank you

This is the exact book she needed and we saved at least half what she could have purchased it for at the college.
