Customer Reviews

I bought this book because it says "Online Practice Exam" and "Medical reference Charts online".

NOWHERE on the front or back covers, or in the intro pages that you can read in the "Look Inside" pages does it say that you'll have to pay more for these features. I received the book today, logged in online, and you can't do anything online without paying ANOTHER \$25.85! This book is a waste of money if you are trying to assess yourself for the NREMT-P exam.

I bought the EMT Basic Flash card book by Jeffrey Lindsey as a Basic student and was well prepared for the NREMT Exam. This book has delivered just the same!

Same cards as the 1st edition, considering I had the first edition already (kind of a waste). Good cards though!

Very helpful study guide. Have referred several people to this study source.

good to have
