Customer Reviews

These are all pretty good creepy stories, but the one that really captured my heart is "Towpath". It is

a sweet, heartwarming story about an old man on a boat and a young girl wanderer, who meet up on the towpath one night. What happens next is nothing short of magical. I will always remember this story, it was surely delightful.

Just one more brilliant book by a creative and brilliant author I just can't get enough of! This book contains a myriad of short stories that keep you turning the pages. The only times I put it down was when my eyes became so tired that I'd literally fall asleep, only to wake up and pick up where I had left off! Can't wait to read a new Amy Cross book.

I gave this two starts, hoping that perhaps the rest of the book was better. I couldn't even get first story down. The main character was so infuriating - refusing to even consider (after the very closest members of his family not only warned him, but exhibited non-characteristic "freak-out" behavior over the evil toys). Real people listen, start to feel, start to react. This guy not only refused to believe there was anything wrong, but then chose to leave his little daughter ALONE with the evil soldiers after so many graphic warnings. The a**hole deserved the inevitable ending. This story was just exasperating. And who doesn't fix their freakin' pets these days? Maybe a little unfair, but you're in a lot of trouble if the first story can't deliver some modicum of reality.
