## **Customer Reviews**

This book isn't really a sequel to the other 2 books in this series. The main character is not featured in book 2, and the only character from book 2, is Gwen Carson, who had a small part in book 2. That being said, I thought this book was great. Jillian takes over for her twin, Judith, at her job in an Arizona Harvey Restaurant. The novel follows her as she struggles to find her faith, and to reconcile her love and respect for her parents with her growing sense of independence. She also seeks to find her place in the world. Ms. Peterson is able to bring to life the struggle between the white man and the Indians in the late 1800s. By using Jillian to act as conscience for the community, she allows Jillian to point to people in the community as hypocrites. I saw this role as extremely important in the book. By the time the showdown between the town and Jillian arrives, I was ready for someone to take a stand. I would heartily recommend this book to anyone. You don't even have

to read the other 2 books first.

It amazes me how Tracie Peterson can take an old story line (twins switching places) put them in an already used setting (Harvey House girls) and create a brand new, wonder what will happen next story! I have enjoyed all of Ms. Peterson's books and this one is no exception. This series is excellent. So often writers of series tend to tell too much of the same stuff in each book or make you wonder what the story has to do with the series at all. All of Tracie's stories are fresh, interesting and will keep you up reading until you finish, then make you wish for the next one right away. Keep up the good work!

A Veiled Reflection is the third book in the series about the Harvey House girls and this one is superb! Jillian agrees to pretend to be her twin sister, Judith and this starts her life in Arizona off on the wrong foot - that of living in deceipt. She obviously has trouble performing like her trained sister and runs into a few people who know the difference. When she falls in love, she is sure it is one-sided. The man she loves has a secret past and refuses to love again. The Navajo Indians are represented in this book and are loved and ministered to by one old lady, Mary. Prejudice and hatred show their ugly faces even between civilized white people who think they are Christians. A few refuse to be drug into the garbage and end up being forced to take a stand. This is excellent reading, good for making some religious and political stands, and romantically it is superb!

Have finished reading the entire series of Westward Chronicles, and I truly loved all three! They took place in Pintan Arizona, and the scenery was described as very beautiful. I love Arizona and I think the scenery is beautiful everywhere! I loved all the characters, except for Cooper, the Indian agent, and he was a real piece of work! I would have dearly loved to put my hands around his neck for what he did to the lovely Indian maiden! But, I guess the Navajo tribe made him pay for what he did. Boy did they ever make him pay! I sure did like Dr. Mac and his sense of humor and the way he fell in love with the heroine, Jillian. There are so many people in this sequel that you're going to like, in all the series and the way Ms. Peterson wrote the background stories! She is such a good author, a person wants to download every book she wrote! I highly recommend this author, you won't regret reading her wonderful books.

I Chose this rating because Tracie Peterson once again made this book outstanding and fun to read. The two twins Judith and Jillian switch jobs so Judith could get married to the man she fell in

love with. Jillian steps into Judiths position at the Harvey House. Which Jillian finds her own love without realizing it. Much more excitement to read about exciting. Don't let this book get away from you without reading.Lee

I enjoyed the Westward Chronicles series. I liked this one the most. It had a great story line that kept me wondering and anxious to get back to the book each day. I laughed and cried. I caught myself nodding my head in agreement with the words of spiritual wisdom Mary shared. I have always enjoyed books about this time in history. I'm proudly from Arizona and enjoyed the historical significance of the Harvey House in this fictitious town.

I have read the first and second books in the Westward Chronicles, and this last one is as good as the first. If you like good Christian books with love,humor, and suspense; these are the books for you. I tried to give this book five stars, but couldn't get it to work. Sorry.

I have come to love this author. I can't even tell how many I have read. Every one was good. I loved Jillian and adored Mac. I loved the fierceness of Jillian when she felt the injustice done to the Navajo. The whole story made smile. Jesus showed all that His will we be done. Even baby Hope given the best case scenario.
