Customer Reviews

I've got this book in the english version which I refer to every day. As a result of the writings of Carol K. Anthony, I have become a devout follower of the I-Ching. Ms. Carol's interps of these ancient teachings provide guidelines on how to build up one's character. Now how many books can provide that, lol! It is a worthy read for the serious seeker, and you will find the Sage(I-Ching) a warm, engaging, yet serious companion.

This book is the best guide to transcending the ego that I have come across. It's a guide and friend for all occasions and I have given it to many friends, who, not surprisingly, find it to be one of their favorites also. I can't recommend it enough if you're a seeker. I have the English version and my husband and other friends use the Spanish version. Ms. Anthony never leaves you feeling helpless or hopeless, on the contrary, one always feels inspired and capable to be and do her/his best. Use it and enjoy it.

For those who follow the I Ching is fundamental to have the Book of Changes by Richard Wilhelm, but not always are easy the interpretations and this book by Carol K. Anthony is an extraordinary support for its interpretation and I commend her work
