## **Synopsis**

A sugar daddy website doesn't seem a sound basis for an A1 life plan, but I'm a small town girl with big dreams, and there's this one advert, this one crazy advert I can't stop thinking about. Two hot guys seeking their Little Miss Right. Someone who can entertain them, amuse them, fit in with their corporate schedule. And sex. They want sex. Lots of sex. Bonus, right? One major dose of epic win. Of course, guys like Carl and Rick have their conditions. One being that they come together, or not at all. Hell, I can live with that. And there are no skeletons in their designer closet, none that I can find. Just two hot sugar daddies, with particular tastes, nothing to worry about. Until Carl and Rick spill the big one, the one that sends the girls running. A whole string of them before me, running to the hills without so much as a backward glance. Maybe I should run, too. Thanks but no thanks, see you around, guys, nice knowing you. But I'm already in way too deep for that. Warning: as with every other Jade West book, reader discretion is highly advised. This novel contains vivid depictions of MMF / MM relationships, and Jade's characters, as always, have very filthy mouths. Mature readers only, please.

## **Customer Reviews**

I have two of Jade West's books on my Kindle. With a massive TBR pile, I never got around to them. A friend finished Sugar Daddies and told me; it was my kind of book. Her words, "I promise you'll like it. It's right up your alley." Goodness, she knows me so well. This book was absolutely up my alley! As an M/M romance junkie, I was THRILLED when I found out the guys in Sugar Daddies are bisexual. Nothing grates my nerves more than an MMF book where the guys never touch each other. EVER. Grrr. Argh. We meet Katie. Katie is a 22-year-old blue-eyed blonde vixen who loves horses and horseback riding. She has a special relationship with one horse in particular that she's ridden for years, Samson. Samson is her "furry boy." The owner of the land where Samson resides can no longer afford it so Katie has this ingenious idea to buy it from him. Except Katie isn't rolling in the dough. She responds to an ad she saw on a website for Sugar Daddies. She must be willing to take two guys at once and she'll be compensated nicely. Not exactly an escort but a companion of sorts for the men. Ha! Katie is a dirty dirty girl. Rick is a tattooed designer; Carl is a stick in the mud corporate type yet somehow they manage to make their relationship work. The guys are looking for a lady to round out their union and turn it into a trio. I adored Carl and Rick. It took some time for me to warm up to Carl but once I understood what made him so standoffish, I was into him. What I would've liked to have seen in this story? Things from Rick's point of view. If the story were told from all three viewpoints instead of just Katie and Carl, I think this would've been a five-star read for me. I took .
