# Gray Justice (A Tom Gray Novel Book 1)

## Synopsis

A Tom Gray Novel: Book 1 When ex-soldier Tom Gray loses his wife and child to a career criminal, it seems life can't get much worse. But when the killer is let off with time served on remand, Gray knows there is something fundamentally wrong with the justice system. Engaging the help of his ex-SAS buddies, he kidnaps five repeat offenders and asks the public to vote on their fate: Should they be allowed to continue their criminal ways with inadequate punishment, or has Britain had enough? His website attracts a worldwide audience and, although the authorities know where he is, they are powerless to stop him. Can Gray carry out his audacious plan? Will Andrew Harvey and his fellow MI5 operatives find a way to stop him? Gray Justice, the first book in the Tom Gray series, is more than a simple tale of revenge: it's a rollercoaster ride with an ending you'll never forget.

## Customer Reviews

There are certain books which are thinly disguised vehicles through which an author expresses specific, personal philosophical, political or moral views. I find such vehicles annoying, because, if I want to read an OP/ED article, I can easily find one, and a nonfiction book or article on these subject seems more straightforward and honest. For a good bit of this book, I thought I was dealing

with such a vehicle, and at times felt it was little more than a kind of political fantasy/wish fulfillment piece. But, having begun the book, I finished it, and I'm glad I did, because, at the very least, I was partially wrong. Much of the personal value of this book came gradually, after I had finished it, and spent some time considering it. The very fact that it led me to thinking and examination indicated to me that I had found something of more depth than I first realized, and that would be enough for me to recommend it. I do not intend to discuss the author's expressed opinions, nor do I wish to debate their merit. What I do want to do is look at how those ideas are expressed, and how well the author uses the format of fiction to do so. The author's writing style lends itself nicely to action fiction. He is able, in one or 2 sentences to both tell what is happening in a completely understandable way, and convey other descriptive information concerning setting and characters without missing one flying bullet, and that requires tight discipline and discernment. The words seem to race off the page ...but I doubt seriously that they raced on to the page; they are too well crafted to have been done by impulse or in haste.
