Customer Reviews

This review is for the audiobook.Laura decides to answer a job ad for a submissive legal assistant. She had previously worked as an accountant but was laid off with a generous severance package. Right up front, she knows that BDSM is part of the job requirements and she has to admit to herself that she is pretty curious. Showing up for the interview, she considers leaving because she has no experience in BDSM and is worried that she wonâ™t be qualified. However, she waffles too long in the waiting room and Mr. Hobbs calls her in to the interview before she leaves. As he goes over her resume, he asks her plenty of questions and also lets her know what would be expected of her.

Things heat up when the interview moves to the hands-on portion! This was a fun, quick erotica story. It was easy to get into and to have fun with. I felt it was a good balance between the two characters with dialogue and they share the narrative (though most of the story is told from Lauraâ™s point of view). While Mr. Hobbs lead the action, Laura always had the opportunity to walk out of the interview. This particular scenario involved a heavy spanking. Most importantly, both characters felt satisfied at the end of the tale. There was a little cuddling and the beginning of affection between the two. My little quibble is that I would have enjoyed the two characters vocalizing during the act. While it was a hot description, it was just that: an internal monologue description of the act by Laura. Surely Mr. Hobbs was doing some sort of animal-like grunting at the least with all the physical action he was doing? This criticism wonâ™t keep me from listening to further adventures of Laura and the law firm.
