In Twenty Years: A Novel
Synopsis

Twenty years ago, six Penn students shared a house, naively certain that their friendships would endure “until the death of their ringleader and dear friend Bea splintered the group for good. Now, mostly estranged from one another, the remaining five reluctantly gather at that same house on the eve of what would have been Bea’s fortieth birthday. But along with the return of the friends come old grudges, unrequited feelings, and buried secrets. Catherine, the CEO of a domestic empire, and Owen, a stay-at-home dad, were picture-perfect college sweethearts “but now teeter on the brink of disaster. Lindy, a well-known musician, is pushing middle age in an industry that’s all about youth and slowly self-destructing as she grapples with her own identity. Behind his smile, handsome plastic surgeon Colin harbors the heartbreaking truth about his own history with Bea. And Annie carefully curates her life on Instagram and Facebook, keeping up appearances so she doesn’t have to face the truth about her own empty reality. Reunited in the place where so many dreams began, and bolstered by the hope of healing, each of them is forced to confront the past.

One my favorite books of the summer (so far!) is IN TWENTY YEARS by Allison Winn Scotch. Ms. Scotch has always been one of my go-to authors for entertaining novels, and this one is no exception. IN TWENTY YEARS is available tomorrow; and if you are a fan of women's fiction, they you won't want to miss it. IN TWENTY YEARS tells the story of six Penn students who all lived together and thought their relationships with each other would never weaken. Unfortunately, they learn that's not the case when their group "leader" Bea unexpectedly dies. Twenty years later, Bea's lawyer asks them to come back to their college dwelling, and they all come (albeit reluctantly) out of respect for their friend. Needless to say, many things have changed in the last twenty years. A few of the friends are estranged, some are still holding torches for each other, and their personal lives are far from perfect. Catherine and Owen were college sweethearts and ended up getting married and having two kids. Catherine is the CEO of her own company (think Martha Stewart) and feels so much pressure to be successful. It has ended up getting in the way of her marriage to Owen. Meanwhile, Owen is resentful that she is never home while he's given up his career to be with the kids. Lindy is a famous pop star who is realizing that it's not easy to be 40 in this industry. She's pretty much a mess trying to decide what to do about her music career (she's tired of singing other people's pop songs), but she's also at a major crossroads in her personal life. She's seeing both a man and a woman, and she's not sure if she wants relationships with either of them! Colin is a plastic surgeon to the stars.
