Customer Reviews

We are very thankful that Rab.Y. Mendoza take his time and effort to translate the Chumash, we were looking for this edition for a long time now we have it. Excellent work, beautiful presentation. We recommended to all Spanish speaking friends, who are looking for this book. Thank you for your great service.

Exelent book, outstanding translation, perfect if you are looking for a more traditional understanding of the jewish bible, the commentary is very helpful in the way it explains the text as understood by the great rabbis, but sometimes i wish the commentary provided more information about the context of historical events, it feels like something its missing from time to time, and in my personal opinion, sometimes it mixes the simple meaning of the text with the interpretative one, if you are not aware about how jewish interpretation of the bible work you may find it strange... overall i think this is a fine

book, i gave it four stars only because im not overly impressed with some details like: the golden glided pages are only on the top part of the book, the other sides are left white wich feel like something its missing, also i noted some rough cutting marks on one side of the pages, and the book its starting to show some signs of wear after only one month of use.

Si andas buscando aprender mas de la Torah te recoiendo este libro muy explisito en sus comentarios, no dudes en comprarlo te sera de gran utilidad para compartir con tu familia y amigos.

Excellent! Y practico con la guia de las porciones tanto de la Torah como el Haftarot y con la ayuda de las notas se entiende mejor el estudio semanal.

I have been wanting this book for a long time, and thanks to you I was able to get it. Thank you Johnny Fierro

This book came in time and was more than what I expected to be. I'm very happy to have bought it, I'll not regret making that decision.

The Chumash was beyond expectations, but all 5 books arrived with a torn box and ripped on the sides.
