Pride and
Prejudice and
Marital Toys

An Erotic Variation

G Scott Gray

Synopsis

Mr and Mrs Bingley have been married for some time. He is handsome and she is beautiful. They appear to the outside world to have a perfect marriage. But Jane and her husband have problems in the bed chamber. Charles is unable to stay the course for very long and his wife is always left unfulfilled and frustrated. They consult the family doctor who advises them to seek advice from people more worldly than they. They immediately think of Jane's flirtatious younger sister Lydia and her husband George Wickham. The doctor also prescribes a strange looking device. He tells them it is a marital toy which is able to vibrate and which might solve Jane's problem. They follow his advice and visit Lydia. Ever practical, she suggests that they swap partners for a night. In that way Jane might learn what she likes from George Wickham and Lydia will be able to teach Charles how to please his wife and delay himself during marital relations. The only problem is that Charles thinks Lydia a silly, frivolous girl and Jane has always despised the odious George Wickham. However George promises Jane that he will try not to enjoy making love to Jane if Lydia does the same with Charles. What happens when the couples swap spouses for the night? Do they keep their promise and not enjoy themselves? And does it help with Mr and Mrs Bingley's problem in the bed chamber? What happens when Darcy and Lizzie visit to offer advice? Does Jane find the marital toy prescribed by the doctor as good as he says? And what happens when Lydia discovers that her favourite marital toy is being used by another of her sisters? Find out in this Pride and Prejudice erotic variation. Contains explicit sexual material.
